

Miss Harper, Teacher Here, To Go To Brazil For Work As A Missionary

By OLIVER P. LANDSEN.

MISS ELLA HARPER, of Ashbury Methodist church, has offered her services for work in the foreign field of missions and has been assigned to Pazo Fundo, Brazil. This is a station opened for work in 1914, mainly through the efforts for the student body of the University of Texas, who helped to build a church and recently erected a well appointed parsonage. The pastor and his wife with whom Miss Harper will be associated, was a classmate of Miss Harper's at the university. Miss Harper had expected to go out under the Woman's Missionary council, after having spent next year at the Bible and Training school at Kansas City, but when the emergency arose at Pazo Fundo, Miss Harper was selected as the most available candidate on account of her college training and teaching ability and assigned to the post. She was highly recommended by the student body of the university which assumed her support on the mission field.

Miss Harper has been a teacher in the El Paso high school for several years, since graduating at the university. She is the daughter of Judge John M. Harper and wife of 3140 Bliss street.

Miss Harper will sail from New York for Brazil, August 1, in company with Miss John M. Moore, Mr. and Mrs. W. M. Moore, Miss Virginia Scott. Miss Harper will spend a few months visiting in Rio Janeiro and Porto Alegre, before going on to her station at Pazo Fundo. She will have the first six months of the year being spent in acquiring the Portuguese language, which is the language of the country, and very similar to the Spanish. Several entertainments are being planned for Miss Harper.

James E. Bowen, Jr., only son of Judge and Mrs. Bowen, left Friday for West Point, going over the golden state limited by way of Chicago. Miss Nellie May Bowen, who is the guest of Miss Margaret Schuster in Cleveland, came down to Alamosa to see her brother, as his train stopped there a few minutes. Young Bowen is the first El Paso boy to be admitted to the United States Military academy on the record of his scholastic certificates. He attended the military academy in West Point, going for three years, taking highest honors for three consecutive years, receiving three gold medals and a letter from the highest honor, which is a preparatory school for West Point.

Some People Are Miserable, Half Sick, Tired All the Time

They Do Not Know What Is the Matter, and Their Physicians Cannot Name the Disease.

There are just lots and lots of people who are sick—genuinely sick—yet who manage to drag through their work day after day. They do not know what is the matter with them and their physicians cannot name the disease. In most cases, the real cause of this state of poor health is that the blood is diseased and impure and the bowels, kidneys and other vital organs are not acting properly. A reliable blood tonic is necessary. Prescription C-2223 is a blood purifier of unusual merit. It is supplied in capsules in concentrated form and is taken in small doses. It not only cleanses and restores the blood, but it also builds up the system, restores health, and tones up the system. Prescription C-2223 contains mercury, opium, morphine, chloral or phenolphthalein; it was originally the prescription of a prominent physician, used in his practice in the treatment of disorders of the blood. If you are miserable and half sick, get a bottle of Prescription C-2223 from your nearest drug store. The C-2223 is the only blood purifier that will make you a healthy, active person. It is sold at a special price. Call and mail this advertisement for free literature.

CHINTZ in a quietly old-fashioned

pattern of white sprig on a blue ground develops this smart morning dress, which is trimmed with bands of white linen tape. Old fashioned rick rack braid is also used with consistent effect on similar dresses of calico and chintz. This gown is severely plain in line. The kimono buttons down the back, with pearl buttons, sewed through with the dress material, edged with tape. The neck and sleeves are similarly finished. Bands of tape run parallel to the plainly gathered skirt. A band of blue feather edged ribbon runs across the girle and ends in a small bow at the side front. The hat of rose straw is worn with this old-time costume.

GIVEN \$500 FOR DEATH OF BUILDING

Redmond Offers Good Show For Fourth Of July

"The Girl From Albany" Is Full Of Rollicksome Fun and Tunesful Songs.

The setting in this musical comedy, rollicksome, tunesful, musical comedy, will worth spending a part of the Fourth of July in seeing.

The curtain went up with a bang Thursday night and came down the same way. Between times the crowd which filled the Crawford theater, saw some good dancing, heard some cracking good songs and laughed until their sides hurt—at a number of things.

Proposes New Department Of Aerial Science

Senator New Has Bill To Put Aeronautics Under One Bureau.

Washington, D. C., July 4.—The future of the airship and the part the United States shall play in it are engaging the attention of members of congress. Some of them, Senator Harry New of Indiana, in particular, believe that aerial navigation is still in its infancy. They foresee an era when airships will play a vital part in the commerce of the world, bringing the nations closer together than ever before.
